WWW.KRAYEANGUS.COM

Welcome to the 27th Annual Kraye Angus Production Sale

2017 started out with lots of snow in January and as the Spring evolved we had a lot of moisture. In the later part of May we had inches of rain and we had inches of snow, sometimes even on the same day. We were anticipating a good growing season and our pastures got a good start, but start was all they did. Our rains completely quit in June and we had no measurable moisture until August. We thought we were headed into another severe drought year, so we made a drought plan and we moved all of our cattle work up. We took the herd bulls out on the 5th of July. We pre-conditioned all of the calves in July and by the 29th of August all of our calves were weaned, the cows preg tested and back out to pastures.

Most years we start to pasture sort the bull calves in late summer, but this year that was mid-summer and by the time that we weaned the bull calves, 111 bull calves had already been sorted off and made into steers. Only the top 40% of the bull calves make it to the bull sale.

Even though we weaned early, we still weaned the calves in the pastures and it is the best stress-free way we have found to wean the calves. After a few days in their pastures we gathered the bull calves together and we put them in a smaller pasture and started to bunk feed them every day. Eventually they were moved to the pivot up here by the house, where they could graze on the Sudan grass after-growth and the newly planted rye grass, and we continued to bunk feed them

every day. Before the weather turned cold, and hunting season arrived we moved the bulls to one of the bigger lots by the house and on the 19th of December, we sorted, weighed and put Lot tags in the bull calves and put them into the bull pens, where they will stay until they move to town, just prior to the bull sale.

Three years ago, we started a fall calving herd and it has grown to over 80 cows now and we have been AIing in the fall and getting some very nice fall calves. At this year's sale we will have 19 of the 2016 fall bulls. This will be an opportunity to get some bulls that are 18 months old, and that will be a little more mature than the yearlings. These bulls have been close to the ranch since they were born, and they are extremely calm and completely used to seeing people every day.

The heifer calves offered thru the sale are taken from our replacement heifers and the heifer mates to these bull calves are an impressive group. We are proud of the type of cows these heifers will grow up to be. These females represent a dedicated effort to the improvement of our own cow herd because it is the proven, productive cow families that are the foundation of our cattle program and they are the roots that allow us to stand the strong winds of industry change. The heifers will be sold in groups of 5 and will sell as purebred, commercial heifers.

At Kraye Angus, cattle are what we do. The cattle are our livelihood, our hobby, our recreation and our passion. Except for a few cows, that David has bought over the years, our cows are all home-raised. The bulls will all be semen tested. All of the bulls will be ultra-sounded, and the information processed thru the CUP program. We are offering the same volume discount, free delivery within 200 miles, or a refund for taking your bull home on sale day, and the 1st breeding season guarantee.

We appreciate your interest in our cattle program and if we can be of any assistance in the selection of your herd bulls, please give us a call. Until a week or so before the sale, the bulls are here at the ranch and are available for inspection at any time. As always, we will have a complimentary lunch on sale day, and join us for a post-sale supper at the Hooker County Community Building, at the fairgrounds, starting at 5 p.m. Something new this year, watch a video of the sale bulls on our website www.krayeangus.com.

We look forward to seeing you on sale day.

Sincerely,

The Kraye Family

- 1st Breeding season guarantee -

Bulls selling for \$3000, or more, are guaranteed for 60 days from the first turnout against breeding injury.

If a replacement bull is available, he will be provided. If the buyer prefers, credit towards another bull will be given in next year's sale.

Credit for the amount of purchase price minus \$1500 will be applied towards the purchase of another bull. Buyer keeps all salvage value.

Please notify us, as soon as possible, should injury occur and prior to the bull being sold for salvage.

This is not a Mortality Insurance Policy, nor does it cover mismanagement or neglect. We do not cover injuries sustained prior to the breeding season, if you bull is turned out with other bulls.

If mortality insurance is wanted, a livestock insurance representative will be available.
